The Sitting Room

OUR BACKGROUND:

In 2003, Kate Regan opened a small design studio in Minnetonka to inspire clients. What began with design services and space for one vignette has since expanded to a firm of five designers, one retail boutique manager, and a showroom in Excelsior with room for featuring 8-10 lifestyle vignettes (furniture, lighting, rugs, and accessories).

SERVICES:

We are a full-service interior design firm. We work on new construction, remodeling, and assist clients in selecting furnishings, window treatments, and lighting. We create fresh, inviting spaces that are livable, warm, and refined. Our designers get to know our clients and their lifestyle so projects are truly designed for the way our clients live.

DISCOUNT FEES:

Since we have a brick and mortar store at 206 Water Street in Excelsior, we are able to buy directly from our vendors and can offer a significant retail discount. For hourly consultation or construction selections, we charge by the hour or by the square foot.

EVERY ROOM NEEDS ... something organic to finish the space and breathe life into the room. Some of our favorites are preserved boxwoods, driftwood branches, and Fiddle Leaf Fig Trees.

“We create fresh, inviting spaces that are **livable, warm, and refined.**”

— KATE REGAN, OWNER, THE SITTING ROOM
